

SUDEP *stands for* SUDDEN UNEXPECTED DEATH *in* EPILEPSY

It is when a person with epilepsy dies suddenly and prematurely and no other cause of death is found

Approximately **50 million** people worldwide have epilepsy, making it one of the most common neurological conditions globally

**We know that 50%
of all epilepsy
deaths are SUDEP**

Now you know –

let's take action!

Take part in a worldwide event to reduce SUDEP and promote better monitoring of safety and risk in epilepsy
